

It's not what you play it's the way that you play it - but who will strike the first note?

Employees that work together just like an orchestra – the tips and methods by motivational coach Richard de Hoop can make this vision become reality. In his inspiring lectures, the Dutchman ardently demonstrates how employees and superiors can become a well-established team and learn to recognize the value of each individual for the successful performance of the orchestra.

- music of the future

PARTICIPANT FEEDBACK

"By comparing the characters of people with musical instruments, it suddenly became very clear to us how important it is to have a virtuoso employee orchestra in order to achieve the set goals of organization. Diversity and yet harmony are indispensable. We were thrilled by this show full of humor, music and content at the highest level."
