

### "The future is yours!"

Are you interested in the future? And what kind of impact it will have on your life and most of all your business? Then, trend researcher Dr. Joerg Wallner is YOUR expert of choice. Whether it's about the „future of sales“ or how companies will proceed to perfectly adapt their product range to the future requirements of their customers, keynote speaker Dr. Jörg Wallner knows the answers – totally in line with the trends of the times. In his inspiring and innovative keynotes, he talks about the megatrends of the coming 10 years, explains innovation strategies and the right way to develop new fields of business.

Trend researcher, futurologist and director strategic foresight at 2b AHEAD ThinkTank

Expertise: Innovation management, trends, future vision, strategy development, digital transformation, industry 5.0, new work, mobility of the future

Languages: German, English

## LECTURES

- Automobiles, mobility and life in the future
- Industry 5.0 - How KI is revolutionizing industry

## PARTICIPANT FEEDBACK

*"Your very inspiring authentic lecture has not only shown visions, but very practical implementation. In doing so, you opened and stimulated thoughts in a lively way. The challenge of correctly grasping the future and responding with consideration to the ability of organizations to change and setting the right speed at the right place is what needs to be mastered here."*

Heinz Norbert Dierichsweiler / Allianz Lebensversicherungs-AG
